

This month's product promotions, company news and more.

Welcome Back!

Welcome to the December edition of "In The Know With Ohio Valley Drywall Supply." We're glad to connect with you again!

Holiday Hours

The holidays are here! We hope you have a wonderful season with loved ones.

Please note that all of our yards will be **closed December 25 and January 1**. We will be open for normal business hours the rest of the month.

Safety Program

Ohio Valley is committed to the safety and well-being of all of its employees. In fact, safety is our number one priority.

All of our employees go through continuous safety training and we also employ full-time safety management personnel.

To ensure safety and OSHA compliance on the jobsite, each of our managers uses a cell phone app to do periodic (and random) safety inspections. They document their findings, which we review with our employees at monthly safety meetings to ensure continuous improvement.

To learn more about our safety commitment, including how we train our crews and maintain OSHA and DOT compliance, [visit our website's safety page](#) or [contact a yard manager](#).

Product Spotlight: Gold Bond® BRAND 5/8" SoundBreak®

National Gypsum's 5/8" SoundBreak® XP® Gypsum Board with Sporgard™* is a high density, fire-resistant board with a Type X core encased in heavy paper. It is used in high rated STC wall assemblies, and is constructed of viscoelastic damping polymer between durable gypsum board.

This product is:

- **Acoustically enhanced** (tested in accordance with ASTM E 90 using the full-scale procedure)
- **Mold, moisture and mildew resistant** (tested in accordance with ASTM G 21 and ASTM 3273, with best possible scores in both categories)
- **Abrasion resistant** (tested in accordance with ASTM C 1629)
- **100% recycled**
- **Easily finished and decorated**
- **Approved for specific UL fire-rated designs**
- **Installed like traditional gypsum board**
- **Quickly scored and snapped**

Project Spotlight: Hotel Oakland Marriott, Autograph Collection

This new luxury Marriott hotel will be located on property owned by the Pittsburgh Athletic Association and will take 18 to 24 months to complete.

It is designed for independent travelers and will be the first "autograph collection" hotel in Pennsylvania, making it one of only 72 others in the United States.

Ohio Valley Drywall Supply provided the ClarkDietrich framing, National Gypsum eXP, and drywall products for the project.

General Contractor: PJ Dick Construction

Subcontractor: Easley and Rivers
